# THRIFT DRIFT

by lieyah gough

*Opened the door to the store*

*Saw vintage things and many more*

*Got this really cool vibe that I can't describe*

*But I'm here on a budget and I can't waste time*

*They got some character, that old school feel*

*They look good and I boughtem' for a deal*

*It gives me this passion that hits my core*

*It's called shoppin' at the thrift store*

*So I hit the racks lookin' for a deal*

*Rufflin' through tags, on a hunt for a steal*

*I glanced my watch as time ran by*

*It's been two hours but I still look fly*

## chorus

*It's that THRIFT DRIFT, THRIFT DRIFT*

*That has made it's way to my mind (THRIFT DRIFT)*

*\*Got my mind on thrifting, and thrifting on my mind\**

*THRIFT DRIFT, THRIFT DRIFT*

*That has made it's way to my mind (THRIFT DRIFT)*

*\*Got my mind on thrifting, and thrifting on my mind\**

*I zoomed to the changing room with my hands full*

*Looked in the mirror and said damn I look cool*

*As I tried on clothes without any woes*

*Thought to myself, these ain't plain clothes*

# “What makes me happy”

By Solomon Colaiaco

Video games, riding trains, ballgames, great danes, these are the things that make me happy!

When I wake up in the early morning and I'm not feeling too good. Then I get me some waffles cause' that's my favorite breakfast food. And that old grumpy mood I was feeling just a minute ago. Is replaced by a really big smile and some buttery toast.

Boston sports, food courts, fun resorts, making forts, orange shorts, airports, and a whole lot more. Mike & Ikes, riding bikes, tough hikes, throwing strikes, these are the things that make me happy.

When I get home from school and I'm not having a great time. After I do my homework I should get to unwind. So when I turn on the TV and I see the Celtic green. I'm excited to watch them play because they're my favorite basketball team.

Sometimes I feel sad when I want to feel glad, what can I do about that? I want to feel joyful, but I can't, is it in my head? (X2) I don't know but I just want to feel feel feel... HAPPY!

New shoes, petting zoos, fun cruise, kangaroos and a whole lot more! Nice breeze, Chai tea, Climbing trees, Avoiding Bees,

These are the things that make me happy!

# “I’m Happy” by Sean Mc Ilvaine

(Verse 1) Playing baseball, throwing baseballs, I really really like sports. Basketball, is a great one, I like to dribble up and down the court.

Soccer I, don't like as much, because with points it's barren. Football, I don't play, pros have McLarens

## **Hook**

(Verse 2) Sports, I love em, I can't get enough of 'em. Too many, so many, people think they're dumb

They pit feats of strength against one another. No, I can play them with my little brother

## **Hook**

(Chorus) What is your favorite, what is your favorite, Doesn't have to be your best, but what is your favorite.

Yes, what is your favorite, what is your favorite, Doesn't have to be your best, but what is your favorite.

(Bridge) The question that you need to answer, is not the one you'd think. It isn't should we play sports, or what is your best

It's what is your favorite\_\_\_\_\_ It doesn't matter if you stink.

(Verse 3) Sports, there are many, from popular to not. Curling is a slide, basketball a shot.

Many sports are obscure as can be. Others are as big as the Grand Prix, but

(Repeat chorus x2)

# “Ain’t you Nice” by Zi Feng Tan

Yo, ain’t you nice

Dong Dong Dong, Ding Ding Ding Ding

Like da rice

Yo, ain’t you nice

When you come online

Like da rice

It’s suddenly bright

When you come online

Dong Dong Dong, Ding Ding Ding Ding

It’s suddenly bright

It’s suddenly bright

Dong Dong Dong, Ding Ding Ding Ding

Dong Dong Dong, Ding Ding Ding Ding

Yo like da rice, the savior of my life

Da rice, is the savior of your life

Heart so tight, burning bright

Helps you sleep tight, every night

Jesus Christ, ain’t you nice

Ain’t it nice, oh yeah (2x)

Oh, ain’t you nice

# “What it takes to be Happy” by Dylan Dayton

## Verse 1

My last name is Dayton/ and I'm munchin' on Bacon

Playing video games/ until I'm shaken...

Sleeping all day/ until I can play

And that's when I say... I'm happy!

## Chorus 1

Happy, Happy, once in a blue moon

Happy, Happy, never before noon

## Verse 2

Hanging with my friends/ talking 'bout the trends

Owning them in Madden, but we always make amends

Crammin' burgers to grow/ never stopping my flow

And that's when I say I'm happy

## Chorus 2

Happy, Happy, once in a blue moon

Happy, Happy, never before noon

## Verse 3

Giant blow up Sumo suits, Comic-Con, and music groups

Little dogs that growl and poot

When it clears the air then I'll be there

And that's when I say I'm Happy

## Chorus 3 (Final)

Happy, Happy, once in a blue moon

Happy, Happy, never before noon

# “Friendship is Forever” by Nicole Tran

(Verse 1)

Being with you lightens up my heart  
We're together not apart  
Chilling out wouldn't be a start  
Connections will grow  
Our friendship will show

(Chorus)

I gotta be with you  
Can't live without you  
I have best times with you  
And we'll stick together  
Friendship is forever

(Verse 2)

Laughing with you, having fun with you  
You will always come through  
Hanging out with you is so fun to do  
Even though you don't see  
You're always there for me

(Chorus)

I gotta be with you  
Can't live without you  
I have the best times with you  
And we'll stick together  
Friendship is forever

(Bridge)

Once upon a dream  
I saw us with glee  
Living the life by  
Sitting side by side  
Eating apple pie

(Chorus)

I gotta be with you  
Can't live without you  
I have the best times with you  
And we'll stick together  
Friendship is forever

# “Gymnastics” by Zoe Zeelander

The first event at every meet  
Involves sprinting down the runway on your feet.  
Then you punch the board and fly through the air,  
Flip over the vault, causing all to stare.

Vault, bars, beam, floor  
Do some pushups, do some more.  
Chalk and sweat all over your face.  
A combination of strength and grace.

The next event is the uneven bar.  
Flipping and swinging like a shooting star.  
Chalk up your hands so you don't slip,  
Hopefully you won't get a rip.

Vault, bars, beam, floor  
Do some pushups, do some more.  
Chalk and sweat all over your face.  
A combination of strength and grace.

Up next is the balance beam.  
That four inch plank requires self-esteem.  
Across it you do flips and dance.  
Don't look away from it, not even a glance.

Now when you do, you fall down.  
But you're a gymnast, you only frown.  
But when you have to sit out with a bag of ice,  
You're hurt and miss out, that's never nice.

The last event is the floor.  
Tumbling and leaps get you a high score.  
Rolls, jumps, turns, and tucks and twists,  
Be flexible but not a contortionist.

Vault, bars, beam, floor  
Do some pushups, do some more.  
Chalk and sweat all over your face.  
A combination of strength and grace.

# “Happiness On Paper” by Amy Ahmed

**Verse:** Words flow in as the sun goes down

The scratches on paper banish the frown

I know I'll need more as the time runs out

Check my mind, look out for a drought

**Verse:** Some ask why I'm so obsessed

They think I need help or some rest

They can't see what they can't do

Say “I'm better off hanging without you”

**Chorus:** I do what I want, just write, write, write

Time flies by and I can't realize(drag it out), I need a nightgown

Tick tick tock, goes the clock, but never stop(drag it out), scoring those touchdowns

They say friendship is forever but happiness on paper is for me

**Verse:** Count the seconds, lure them in

Some thoughts go to the rubbish bin

I know I'll need more as the time runs out

To knock those publishers right out of their socks

# “One Fat Cat” by Max Oppenheimer

# “Be Somewhere” By Chela Roppolo

I wish to be  
Somewhere that is not here  
I wish to be  
Somewhere where I'm happy

I shouldn't be trapped  
In a birdcage  
Why can't  
This bird play

I don't even know  
I feel like I'm trapped here  
But when I go  
There's really nothing to fear

I wish to be  
Somewhere that is not here  
I wish to be  
Somewhere where I'm happy

Once I'm among the trees  
And the flowers and the bees  
That's the world I want to see  
That's the place I want to be

I wish to be  
Somewhere that is not here  
I wish to be  
Somewhere where they love me

Once I'm among the trees  
And the flowers and the bees  
That's the world I want to see  
That's the place I want to be

I shouldn't be trapped  
In a birdcage  
I don't care  
About the rain

I wish to be  
Somewhere that is not here  
I wish to be  
Somewhere where they love me

Once I'm among the trees  
And the flowers and the bees  
That's the world I want to see  
That's the place I want to be

I shouldn't be trapped  
In a birdcage  
I don't care  
About the rain

I wish to be  
Somewhere that is not here  
I wish to be  
Somewhere where they love me

I wish to be  
Somewhere that is not here  
I wish to be  
Somewhere where I'm happy

# “Home is a Feeling” by Jonathan Gomez

When you're with the ones you love

Home is a feeling, oh it is never a place

It doesn't matter where you are

It is still nice to have that place to call home

It just matters who you're with (2)

When you are having fun, there isn't a care (3)

Home is a feeling, not a place

Home is a memory, never to fade

Being home is where it's at

Oh yeah

I'm with the ones I love, I could never ask for more

# “Life is good” by Andrew Alarid

Everyday I wake up and I feel pretty mad, pretty tired, pretty angry, pretty sad, but i make it through

I open up a new box of cereal half awake, pour some milk and feel like i need a break but i eat the cereal and it makes me happy

I hop in my dad's car feeling bad ,looking out the window to see the beautiful sky, the birds, the trees, the cold morning breeze

I make it to school woken up doing work, the class is ending but there is no homework, i say to myself, hey that's pretty good

I'm back at my home and it's a Friday night, the weekend is ahead and no homework in sight, I play my games and life is good

# “Books” By Ben Bryant

New worlds opening wide  
Universes to explore inside  
Characters, scenes whirling round  
Within, true meaning can be found  
A maelstrom of thoughts, ideas, minds  
People cruel, people kind

Stories and schemes slowly unfold  
Silver threads twirling, too many to be told  
Events and people interlocking together  
As beautiful and delicate as a feather  
Action rises, dips, and dives  
Everything moving, more than a hive

Fantasy and facts  
Solid, yet cracked  
Death and life, wrong and right  
All merge together in darkness and light  
And as plots, stories, and lives are learned  
A smile appears, as another page is turned

## “Joyful Reactions” by Celina Gutierrez

Sleeping makes me joyful

But I sometimes wake up crabby

While chocolate keeps me peaceful

And mostly pretty happy

After getting breakfast,

I go on my phone

To access the internet

And have some good time alone

The in-ter-net is a place I can go

To socialize with all my friends

And have some time alone.

It makes me happy!

And joyful too.

I do a lot of fun things there

But that doesn't concern you!

I think surfing the net is pretty cool

But it makes me pretty tired

Don't play me for a fool

Even when I eat some chocolate

It doesn't keep me up

So I decide to sleep and rest

And repeat the cycle when I wake up

The in-ter-net is a place I can go

To socialize with all my friends

And have some time alone.

It makes me happy!

And joyful too.

I do a lot of fun things there

But that doesn't concern you!
