STORYCORPS ANIMATIONS

Our original animated shorts series features some of our best-loved radio stories. The animated shorts are very popular with students and are a great way to spark discussion. (Some animated shorts are included in the previous section.)

RESOURCES FOR CONDUCTING INTERVIEWS

Our Question Generator helps participants create a list of questions to bring to their StoryCorps interview:

<http://storycorps.org/questions>

Our Great Questions lists feature suggestions for getting a good conversation going:

<http://storycorps.org/record-your-story/question-generator/list/>

Additional questions were developed in support of the Griot and Historias initiatives. The Griot Initiative is a project to ensure that the voices, experiences and life stories of African Americans will be preserved and presented with dignity. The Historias Initiative is a project to record, preserve and share the stories of Latinos across the US.
