

Devising the Thesis Statement:

Controlling Idea

I believe Google Glass was once the future of wearable smart electronics but was not able to continue because users didn't like the style, functionality, or security.

Three Reasons that support the idea that death of Google Glass

style	functionality	security
-------	---------------	----------

You need to put the ideas from the controlling idea and the reasons that support it together smoothly and powerfully.

- *Weaknesses:*
- 'I believe' is first person so get rid of that
- 'Was once' is also weak... use a strong ACTION verb. Also, "was not able"--be concise and use strong, exciting verbs

~~I believe that~~ *Google Glass, once **hailed** as the future of wearable smart electronics, **died fantastically** as users didn't like the style, functionality, or security.*

Rewrite it without 1st person and use an action verb.

Topic _____

Major point of essay _____

Explained with what reasoning _____, _____, _____

Put it together:

*Google Glass, once **hailed** as the future of wearable smart electronics, **died fantastically** as users didn't like the style, functionality, or security.*

*****For this essay, you most likely won't need to line up each point, rather, infer the structure of the piece due to the language in the thesis statement.**

EXAMPLES

- Though a remarkable, game-changing invention of its time, the V. C. R. like most technology, was replaced as newer, better technology was developed.
- The once-beloved Walkman innovation would play its last tune as music lovers moved on to better sounding, smaller music players.
- The newspaper, once a beloved fixture in every household, has become an outdated story with the rise of digital media and a reliance on other sources for information.
